

Early Years and Childcare Training Programme

Welcome to your 2025/2026 Early Years and Childcare Training Programme

We are delighted to offer a new programme of training designed specifically for Early Years Practitioners. Our programme has been planned to support your delivery of the Early Years Foundation Stage (EYFS), helping you to provide the highest quality care and education for young children.

Following your feedback, this year we have continued to release an annual programme to enable you and your setting to better plan training across the year. We do understand the financial pressures in the sector, so we have also worked hard to offer funded training where possible or to keep costs low when we have to charge. Following feedback, we are offering a variety of sessions, both face to face and online as well as at different times, including evenings and weekends.

Whether you're new to the sector or looking to deepen your expertise, we hope that there is a training course that will appeal to you.

[When you are booking on any of our event, please make sure you have read the Bookings Information at the end of this programme].

Target Audience-The Tier System Explained

To help you decide on the most appropriate training for your practitioners we have introduced a tier system for all of our courses. Below is an explanation of each tier. Please read these carefully to be sure that the courses meet the needs of your practitioners.

Tier 1-suitable for **all** practitioners and childminders, childminder assistants, committee members, key persons and apprentices who want to gain basic knowledge or update understanding in the subject area.

Tier 2- suitable for room leaders and practitioners who can bring about change in practice. It is suitable for experienced childminders and experienced practitioners. These courses may contain some theory and assume the delegate has basic knowledge in the subject area.

Tier 3- targeted at leadership and management only and childminders with sound knowledge of the subject area. Elements of these courses will reflect on whole setting practice and policies as well as ways to implement change/improve practice around the subject area in your setting and leading practice for all staff.

What is an Early Years Stronger Practice Hub?

The Stronger Practice Hubs programme was launched in November 2022 and is part of the DfE's Early Years Education COVID19 Recovery Package. The programme aims to support settings to address the impact of the pandemic on young children by sharing effective practice and building lasting local networks.

What is the role of the REACHout East of England Stronger Practice Hub?

Our Stronger Practice Hub, which is based at The Barn Nursey School in Halstead, Essex, has just launched and is supporting all Early Years settings (including childminders, PVI's, school-based nurseries) to improve outcomes for all children across the EYFS.

The **REACH out** Stronger Practice Hub focuses on areas of development that research has informed us have been most impacted by COVID19.

How will the Stronger Practice Hub support settings?

Our REACH out Stronger Practice Hub will support settings by:

- Establishing local networks of settings to share evidence-based professional development for early years practitioners.
- Proactively sharing information and advice on evidence-based approaches.
- Share regular newsletters, blogs and updates on social media.
- Acting as a point of contact for bespoke advice and signposting to other funded support.
- Working with the Education Endowment Foundation (EEF) to select evidence-based programmes to find and make available to settings and childminders.
- Provide free CPD opportunities linked to the needs of settings.

If you would like to be part of the **REACH out** Stronger Practice Hub, please follow the link below to complete the online form and get regular updates on events, conferences, webinars, training and CPD.

[Sign up to the hub here](#)

We are excited to be working with the Stronger Practice Hub to bring you 3 Early Years conferences. Look out for more information and details of how to book.

Saturday 22nd November	Embracing Outdoor Learning: taking the curriculum outside with Pete Moorhouse • Building practitioner confidence in outdoor learning • Recognising the benefits of outdoor learning, particularly focussing on boys • Exploring practical ideas
Saturday 24th January	The Write Sort of Play: with Anni McTavish • Developing writing opportunities through rich and stimulating role-play and small world provision • Multi-sensory play for babies and children up to three.
Saturday 14th March	Physical Development: with Helen Battelley-Early Years Physical Development consultant, trainer and author. Save the date for this exciting conference focusing on Physical Development

In House tailored support

We can offer a variety of additional services to providers which can be tailored to suit the setting's individual needs.

Bespoke Consultancy

We can provide focused support from an Early Childhood Specialist on any area requested by setting; this is **in addition** to the free annual visit that we offer to all settings. This is charged at **£35 per hour. Changed from £25**

Areas covered will be discussed prior to the visit but may include:

- *Quality visit Pre-Ofsted*
- *Policy & procedure review*
- *Inclusion advice*
- *Environment advice / planning*
- *Observation assessment & planning*
- *Attendance at staff / committee meetings or interview panel*

Bespoke In-House Whole Team Training

We can offer a bespoke training package of support designed to best meet the setting's individual needs*

This will include an initial planning discussion to discuss your needs either over the telephone or via email communication. We will work with you to plan the delivery, providing a pre-visit if required and well as providing feedback following the training.

- | | |
|-------------------|-------------|
| • 2-hour twilight | £100 |
| • ½ day | £150 |
| • Full day | £300 |

Please email earlyyears&childcaretraining@peterborough.gov.uk to find out more and book your bespoke In-House Training.

*A group of childminders can purchase bespoke training packages.

Critical Friend Visit

Every setting should be meeting the requirements of the Early Years Foundation Stage at all times and aspire to be demonstrating the grade descriptors of a 'Good' or 'Outstanding' provider. This visit will help you to feel more confident and prepared when you get the phone call from Ofsted.

What can we provide?

This visit will provide you with a review of practice. We can provide an "external pair of eyes" as might be seen by your inspector. We will be your 'critical friend' throughout the visit:

- carrying out a learning walk with the setting manager

- observing interactions between staff and children to ascertain the quality of teaching and learning
- tracking of children's progress in the setting, including some children from vulnerable groups
- a joint observation with manager or senior practitioner
- meeting with the leader/manager to explore any areas for improvement within leadership and management of the setting
- use of the Ofsted Evaluation Schedule and practice seen on the day to identify strengths and any areas for improvement in getting to Good or Outstanding

The format of the day can be tailored to focus on any aspect or area of your provision where you feel improvements could be made. On the day of the visit you will get verbal feedback, followed by a written evaluation of the findings within two weeks of the visit.

The cost for the Ofsted Inspection preparation 'Critical Friend' visit will depend on the size of your setting and the length of time spent within the setting.

Please email earlyyears&childcaretraining@peterborough.gov.uk to find out more and book your Critical Friend Visit.

In House Training Packages – Special Offer

Prebook your in-house training package and save!

Book 4 two-hour training sessions (normally £100 each) and save depending on the size of your team:

- Under 10 practitioners (could be a group of childminders or combined settings) £300 (saving of £100)
- 10-25 practitioners £325 (saving of £75)
- 26-40 practitioners £350 (saving of £50)

These sessions must be claimed and taken within one year of purchasing.

They can be tailored to your requirements and offered in the evenings, a Saturday or a weekday. They could link in with your team meetings.

The venue must be provided by the Early Years setting and it must be fit for purpose - large enough to accommodate all staff comfortably and have room to move around depending on the course.

Paediatric First Aid

Provided by Swimbag Ltd

This Paediatric First Aid course is designed to be undertaken as Blended Learning, there will be online modules, with an assessment at the end. This will need to be completed 1 week prior to the face-to-face training date. If the practitioner fails the assessment at the end of the online modules, they will not be permitted to join the practical day.

Whilst some experienced Practitioners may take a little less time, The eLearning element is in lieu of 6 hours of face-to-face training. Setting should allow those nominated for this course sufficient time to complete the eLearning in their normal working hours.

Please note that the practical day has some physical elements where practitioners will be expected to undertake a range of activities eg laying on the floor and CPR.

An Introduction to Early Help

Whatever your role in Early Years, it is likely, at times, you will come across families that would benefit from some extra support. You might be worried about a child or their family or they may start to experience some changes or difficulties that need some extra support. Whatever it is, there are several ways that Early Help can support so that small problems don't become big problems.

The course aims to:

- Introduce Early Help and the rationale behind this approach
- Provide examples of how and when Early Help should be offered to a family
- Increase practitioner confidence in approaching the subject of Early Help with families that might benefit from it.

The EYFS

We have a wide range of training courses available to support your practice and support children's development. We have focused on training that will help you to support children to reach a good level of development at the end of the Foundation Stage

The Early Years Good Level of Development (GLD) is a crucial benchmark in assessing the progress of children at the end of the Early Years Foundation Stage (EYFS). It encompasses key areas of learning: communication and language, physical development, personal, social, and emotional development, literacy, and mathematics. Achieving a GLD indicates that a child is well-prepared for the next stage of their education, demonstrating the ability to understand and use language effectively, engage in physical activities, interact positively with peers and adults, and grasp basic literacy and numeracy concepts. It provides a strong foundation for their future.

This year we have introduced easy to find symbols to show, at a glance, which areas of the EYFS are covered in each course, including those that support achieving a good level of development:

Physical
Development

Personal,
Social and
Emotional
Development

Literacy

Communication
and Language

Mathematics

Understanding
the World

Expressive Arts
and Design

Implementing the 7 areas of learning in your everyday practice

Each of these 7 sessions will focus on one of the areas of learning in the following way:

- A discussion around the Development Matters statements and what they mean for different ages and stages of development
- Practical ideas for implementing in your setting
- How you can adapt for more focused support and meet the needs of individual children
- Home learning ideas

Each course is a stand-alone course, attendance at all is not compulsory, you may attend as many or as few as you would like.

Target audience- Tier 1

Cost- £10 for Peterborough based OFSTED Registered settings per session

Out of area setting/agency cost per session - £15

Supporting Children's Phonological Awareness

This training provides the opportunity for practitioners to reflect on what phonological awareness means and what current practice looks like whilst considering areas for future development.

We will explore how to engage in phonological awareness with children at different stages of development and how this can help them on their journey towards early reading and writing.

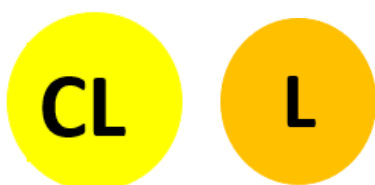

A member of the School Improvement Team will be joining us for the first 45 minutes to share why reading is the greatest gift we can give to children and why it is never too young to start. They will outline why phonological awareness is important and what best practice looks like on a daily basis in an Early Years setting, equipping children with the necessary skills to begin their phonics journey when they enter school.

Target audience- Tier 2 and 3

Cost- £12.50 for Peterborough based OFSTED Registered settings

Out of area setting/agency cost - £17.50

Autumn 2025

Recycling Workshop

Recycling is everyone's business! This short workshop will share ideas of activities and interactive games you can play to encourage children in your setting to understand what recycling is and why it is important.

In your setting, recycling activities can provide a rich and stimulating environment where children can develop their communication, language and literacy skills. For example:-

- Vocabulary Expansion – introducing new words while talking about recycling
- Listening and following instruction
- Storytelling and sharing – can share ideas about recycling for example
- Reading and writing - incorporating reading materials, drawing recycling signs
- Social interaction

Developing Speech and Language as Children Learn to Communicate Effectively 18 – 36 months

Children's speech, language and communication skills affect the way they behave, learn, and interact with the world. Developing speech and language skills are crucial for a children's overall development, and form the foundation for effective communication, social interaction and academic success. Investing time and effort in developing speech and language skills during the early years can have long-lasting benefits for a child's overall development and well-being.

This training will:

- Reflect on the stages of children's communication and language development between 18 – 36 months
- Explore what quality practice looks like and how practitioners can use what is already available to them
- Support practitioners understanding of how to deliver consistently good practice to develop communication skills

The Teddy Talk Test is a speech and language assessment designed for children aged 18 months to 5 years. It is a simple and quick test that helps early years professionals identify a child's speech and language development relative to their chronological age.

Working in partnership with Family Hubs, we are delighted that we can continue to offer this funded opportunity to all early years setting across Peterborough for the 2025/26 academic year. This may not be available free in future years so make sure your setting is accessing the training and resources on offer.

The Teddy Talk Test training will provide an opportunity to:

- Find out what the Teddy Talk Kit is and why it is a valuable Speech, Language and Communication assessment tool.
- Learn about how to use the kit and practice in small groups with support from the trainers.
- Learn how the Teddy Talk Test Kit helps identify children's stage of development and what actions to take
- When to use the Teddy Talk Test to best support the children in your setting

The Teddy Talk Test training includes the resource bag and instruction booklet which retails at £125.

We have received excellent feedback about the tool, how it is being used and the difference it has made to children:

:

We are finding this tool very useful as we know what next steps we are working on with our children.

It has supported us with awareness of children's understanding and listening skills.

Children are now communicating with peers more during play and are able to share their needs and wants with the adults.

Brilliant course, well put across and great

Raising Early Achievements in Literacy (REAL)

REAL is an award-winning programme that works with practitioners to support children's early literacy and development, based on the [original REAL project](#). *Further information can be found at [Raising Early Achievement in Literacy EIF Guidebook](#)*

REAL supports four key strands of literacy: environmental print, books, early writing, and oral language.

Practitioners will benefit from 2 full days of training, which will open new, hands-on opportunities to make a difference to children's communication, language, and literacy development, in your setting and in the home learning environment.

Target Audience – Tier 2 and 3

Cost - fully Funded for Peterborough based OFSTED Registered settings

Out of area setting/agency cost - £20 unsure if we can charge if we are saying above that FH are funding?

Family Hubs are funding this REAL initiative.

Settings who sign up and complete the project will be awarded generous funding to help cover the cost of staffing and resources.

Venue - The Fleet, Fleet Way, Fletton, Peterborough, PE2 8DL

Join us for a short virtual briefing to find out more on:

Monday 8th September from 7pm-8pm

The full course will take place on the following dates:

Autumn 2025 Tuesday 11th November and Wednesday 12th November 9am-4pm	Spring 2026 Monday 19th January and Tuesday 20th January 9am-4pm
--	---

Feedback from practitioners who have previously undertaken the course:

A mum that has never read to her child ever before is now a confident storyteller. The impact of this is that we have seen a significant improvement in his speech and language skills, and he has gone from never accessing books to doing so daily.

Mum started the project lacking confidence in reading and communicating with her child and had not ever read him a book before. Now she reads to him regularly, is a member of the library, and borrows story sacks

The REAL children have made significant progress in their all-round confidence. Sentence lengths have progressed and there is a definite increase in their enjoyment of books, rhymes and mark making. The children are noticing environmental print on a regular basis, pointing it out and commenting.

SEND Reviewer Training

Working with the National Association for Special Education Needs [NASEN] we are able to offer SEND Reviewer Training. This session will train you to evaluate and review inclusive practice within your setting, and/or conduct peer reviews in partner settings, using the Early Years SEND Review Guide.

Early Years SEND Reviews provide an effective tool to aid continuing reflection, ensuring that provision meets the needs of all children, including those with additional needs.

After the training, you will feel confident and equipped to carry out a supportive review, which will:

- Provide settings with a clear plan for the whole staff to work to – giving everyone a voice.
- Help you to identify staff training needs
- Improve relationships with parents and carers, and support co-production with children and their families.
- Provide a cycle of reflective practice for continual development of provision for all children.
- Provide an opportunity for SENCOs to continue their journey into leadership of SEND.

Makaton Beginners Workshop - Level 1

With Ivana Baron-keynote speaker at Reimagining Child
Development Conference

Makaton is a unique communication programme that uses symbols (pictures), signs (gestures) and speech to enable people to communicate. It supports the development of essential communication skills such as attention and listening, comprehension, memory, recall and organisation of language and expression. With Makaton, signs are used, with speech, in spoken word order. Using signs can help people who have no speech or whose speech is unclear. Using printed or drawn symbols can help people who have limited speech and those who cannot sign or prefer not to sign.

This fun training provides a practical introduction to the Makaton Language Programme. Sessions include discussing commonly asked questions, hints and tips for effective signing and symbol use and how to start using Makaton in everyday situations at home or work. You will also learn the signs and symbols from Stages 1 and 2, and some of the Additional stage, of the Core Vocabulary. You will receive a Participant's Manual on the day of the training, which includes the Makaton symbols and signs that you learn in the workshop.

Booking Information

As you make your bookings, please be aware of the following:

- We continue to offer many courses virtually via Microsoft Teams. Setting managers will need to ensure that each delegate has access to an appropriate workspace and device to access the training. Delegates should be prepared to have their camera on wherever possible during the training and participate in course discussions and activities.
- Where possible links to join the virtual training will be sent out 1 week prior to the course date. If you have not received the link, please check your junk mailbox and then email earlyyears&childcaretraining@peterborough.gov.uk so that the link can be sent within plenty of time.
- Failure to attend the training without prior cancellation (telephone or email) will result in the full cost of the course being invoiced, or if the course is fully funded a set charge of £30 will be made. Please let us know if you cannot attend as soon as possible so the space can be offered to another practitioner but **no less than 3 hours** before the course starts.
- After the course practitioners will receive a short evaluation form via email. This will need to be completed in order to receive your certificate.
Please allow up to one month after the training date to receive your certificate.
- Childminding settings can access courses for the price indicated, with Childminder assistants half the indicated price*

*First Aid is not included, and price is per practitioner

Funding your Training

Early Years Pupil Premium

Early years providers are required to use this additional funding to improve the quality of education for disadvantaged children. Ofsted inspections will report on whether providers spend their EYPP funding effectively.

The choice of how to spend the EYPP is yours, but this must be based on the needs of the eligible children accessing your setting. Effective ways to spend the money include purchasing professional development for staff teams. Training and support can be tailored to support your setting and those children in receipt of EYPP.
